

Volunteering Opportunity!

Dedham Therapy Farm is seeking volunteers to join their team. We are looking for volunteers to help out with our animal care rota. If you love farm animals and the outdoors then you will love this role.

Dedham Farm is a non-profit organisation, it's purpose is primarily to bring therapy to as many people as possible using animals and nature to help people recover from a variety of challenges in their lives.

This is a great opportunity for a young individual and or family to get involved in helping the community.

Please contact Gill De'ath or Katie Oatham on
